# Weigh Smarter with the xScale S200

The portable and convenient smart solution for the modern warehouse.

Capture item weight anywhere with the Bluetooth® smart xScale S200. The lightweight, compact form, designed for personal portability, opens to an innovative Y-shape on which items are placed for weighing. The collapsible arms make it easy to carry and use, with a belt holster available to work hands free, ensuring the scale is conveniently available wherever it's needed.

## RUGGED

Built to MIL-STD-810H drop test standards, the xScale S200 was designed to withstand the harsh environments of warehousing and distribution centers.

## PORTABLE

The fully mobile xScale S200 enables workers to easily move throughout a facility and measure item weight without having to continually return to a stationary scale.

## BLUETOOTH® CONNECTIVITY

The wireless, battery powered smart device quickly sends captured data directly to your phone or tablet via highspeed Bluetooth® Low Energy 5.1.

## OS COMPATIBILITY

The easy-to-use xScale S200 pairs with the xScale App for easy data collection. Compatible with both Apple iOS and Android operating systems.

Holster sold separately
